

Westwood Holdings Group, Inc. Reports Third Quarter 2023 Results

October 31, 2023

Strong Performance Delivered Across Multiple Strategies

Introduction of Managed Investment Solutions

Westwood Energy Secondaries Fund Launched

DALLAS, Oct. 31, 2023 (GLOBE NEWSWIRE) -- Westwood Holdings Group, Inc. (NYSE: WHG) today reported third quarter 2023 earnings. Significant items included:

- SMidCap Value, MidCap Value, Platinum, Dividend Select, Enhanced Balanced, Income Opportunity, High Income and Global Real Estate strategies all beat their primary benchmarks.
- Our strong investment performance was reflected in quarterly peer rankings with SMidCap Value, MidCap Value, Platinum and Tactical Growth all posting top quartile rankings.
- Revenues totaled \$21.9 million versus the second quarter's \$21.9 million and \$15.4 million a year ago. Net income of \$4.4 million compared with the second quarter's \$2.9 million and a net loss of \$1.2 million in 2022's third quarter.
- Our comprehensive income included \$4.0 million of life insurance proceeds, partially offset by a \$2.5 million charge following an increase in the fair value of contingent consideration, both related to Salient.
- Non-GAAP Economic Earnings of \$6.3 million compared with the second quarter's \$5.7 million and \$0.8 million in the third quarter of 2022.
- We launched Managed Investment Solutions, an experienced Chicago-based group that provides customized index solutions to a wide range of clients, and a new private markets strategy called Westwood Energy Secondaries Fund to source energy-related private investments.
- Westwood held \$48.5 million in cash and short-term investments as of September 30, 2023, up \$10.4 million from the second quarter. Stockholders' equity totaled \$117.8 million and we have no debt.
- We declared a cash dividend of \$0.15 per common share, payable on January 3, 2024 to stockholders of record on December 1, 2023.

Brian Casey, Westwood's President and CEO, commented, "I want to acknowledge the sudden passing last summer of Chris Guptill, co-founder of Broadmark Asset Management. His long-term partners took over the joint leadership roles they'd shared in preparation for this possibility. As a Key Man in a focused enterprise, an insurance policy was in place, and Chris will long be remembered professionally for his skills as an investor and colleague. On a personal level, we will all miss his dry wit and good-natured demeanor.

We are very pleased with the progress we have made over the past several quarters, especially the integration of relationships and teams from Salient Partners. We are beginning to detect green shoots on the distribution front and we're looking forward to showcasing our solid investment performance to the marketplace as investors and advisors begin to envisage an environment in which cash is no longer the only game in town. We are ready to capitalize on the sales momentum that our newest investment team, Managed Investment Solutions, will generate with its unique, customized approach, and launched Westwood Energy Secondaries Fund to access private investments in the energy field. I believe that Westwood has the right products and people in place to take advantage of unfolding market opportunities."

Revenues were comparable to the second quarter. Revenues were higher than last year's third quarter reflecting higher average AUM following the acquisition of Salient Partners' asset management business during the fourth quarter of last year.

Firmwide assets under management and advisement totaled \$15.5 billion at quarter end, consisting of assets under management ("AUM") of \$14.4 billion and assets under advisement ("AUA") of \$1.1 billion.

Third quarter net income of \$4.4 million compared to the second quarter's \$2.9 million due to the receipt of life insurance proceeds offset by changes in the fair value of contingent consideration. Diluted earnings (loss) per share ("EPS") of \$0.41 compared to \$0.36 for the second quarter. Non-GAAP

Economic Earnings of \$6.3 million, or \$0.77 per share, compared with \$5.7 million, or \$0.70 per share, in the second quarter.

Third quarter net income of \$4.4 million compared to last year's third quarter net loss of \$1.2 million due to higher revenues and insurance proceeds, offset by changes in the fair value of contingent consideration and higher employee compensation and benefits expenses. Revenues and expenses were higher following the acquisition of Salient Partners' asset management business in 2022. Diluted EPS was \$0.41 compared with a loss of \$0.15 per share for 2022's third quarter. Non-GAAP Economic Earnings were \$6.3 million, or \$0.77 per share, compared with \$0.8 million, or \$0.10 per share, in the third quarter of 2022.

Economic Earnings and Economic EPS are non-GAAP performance measures and are explained and reconciled with the most comparable GAAP numbers in the attached tables.

Reconciliation of Comprehensive Income (Loss) Attributable to Westwood Holdings Group, Inc. to Economic Earnings (in thousands, except per share and share amounts) (unaudited)

As supplemental information, we are providing non-GAAP performance measures that we refer to as Economic Earnings and Economic EPS. We provide these measures in addition to, not as a substitute for, Comprehensive income (loss) attributable to Westwood Holdings Group, Inc. and earnings (loss) per share, which are reported on a GAAP basis. Our management and Board of Directors review Economic Earnings and Economic EPS to evaluate our ongoing performance, allocate resources, and review our dividend policy. We believe that these non-GAAP performance measures, while not substitutes for GAAP Comprehensive income (loss) attributable to Westwood Holdings Group, Inc. or earnings (loss) per share, are useful for management and investors when evaluating our underlying operating and financial performance and our available resources. We do not advocate that investors consider these non-GAAP measures without also considering financial information prepared in accordance with GAAP.

We define Economic Earnings as Comprehensive income (loss) attributable to Westwood Holdings Group, Inc. plus non-cash equity-based compensation expense, amortization of intangible assets and deferred taxes related to goodwill. Although depreciation on fixed assets is a non-cash expense, we do not add it back when calculating Economic Earnings because depreciation charges represent an allocation of the decline in the value of the related assets that will ultimately require replacement. Although gains and losses from changes in the fair value of contingent consideration are non-cash, we do not add or subtract those back when calculating Economic Earnings because gains and losses on changes in the fair value of contingent considered regular following an acquisition. In addition, we do not adjust Economic Earnings for tax deductions related to restricted stock expense or amortization of intangible assets. Economic EPS represents Economic Earnings divided by diluted weighted average shares outstanding.
