Press Release dated February 2, 2012, entitled "Westwood Holdings Group, Inc. Reports 2011 Results; Revenues Increase 25% Year-over-year; Net Income Increases 30% Year-over-year; Mutual Fund Assets Increase 33% Year-over-year to Record \$1.3 Billion".

Westwood Holdings Group, Inc. Reports 2011 Results; Revenues Increase 25% Year-over-year; Net Income Increases 30% Year-over-year; Mutual Fund Assets Increase 33% Year-over-year to Record \$1.3 Billion

DALLAS--(BUSINESS WIRE)--February 2, 2012--Westwood Holdings Group, Inc. (NYSE: WHG) today reported 2011 fourth quarter revenues of \$17.0 million, net income of \$4.1 million and earnings per diluted share of \$0.57. This compares to revenues of \$15.4 million, net income of \$3.3 million and earnings per diluted share of \$0.46 in the fourth quarter of 2010. Economic Earnings were \$6.7 million compared to \$5.7 million for the fourth quarter of 2010. Economic Earnings per share ("Economic EPS") were \$0.92 per diluted share compared to \$0.81 per diluted share for the fourth quarter of 2010. (Economic Earnings and Economic EPS are non-GAAP performance measures and are explained and reconciled with the most comparable GAAP numbers in the attached tables.)

Assets under management stood at \$13.1 billion as of December 31, 2011, an increase of 5% compared to \$12.5 billion as of December 31, 2010. The increase was primarily due to asset inflows from new and existing clients, partially offset by withdrawal of assets by certain clients. Mutual fund assets, now comprising eight WHG Funds, reached \$1.3 billion as of December 31, 2011, an increase of 33% compared to \$970 million as of December 31, 2010.

Brian Casey, Westwood's President & CEO, commented, "The market environment in 2011 was marked by significant volatility and modest returns for investors. Despite the volatile market, net asset inflows aggregated over \$660 million in 2011. Our WHG Funds delivered 33% organic growth and our Income Opportunity product received increasing institutional interest along with strong interest from individual investors, approaching \$1 billion in assets at year-end. Net Private Wealth channel inflows accelerated in the second half as the Omaha office gained traction under the Westwood banner and the Dallas office won several meaningful new accounts. We achieved record revenue and net income in 2011 as our business continues to expand, including the first full year of operations for the Omaha office. Our strong financial position enabled us to make several investments that enhance our ability to serve our clients, improve operational efficiencies and strengthen our platform to support additional business growth."

Westwood's Board of Directors declared a quarterly cash dividend of \$0.37 per common share, payable on April 2, 2012 to stockholders of record on March 15, 2012.

For the year ended December 31, 2011, Westwood reported revenues of \$68.9 million, net income of \$14.7 million and earnings per diluted share of \$2.04, compared to revenues of \$55.3 million, net income of \$11.3 million and earnings per diluted share of \$1.58 for 2010. Economic Earnings for the year ended December 31, 2011 were \$25.3 million compared to \$20.8 million for 2010, while Economic EPS for the year ended December 31, 2011 were \$3.52 per diluted share compared to \$3.06 per diluted share for 2010.

Total expenses for the fourth quarter were \$10.7 million compared with \$10.3 million for the fourth quarter of 2010. Economic Expenses were \$8.2 million compared with \$7.9 million for the fourth quarter of 2010. (Economic Expenses are non-GAAP performance measures and are explained and reconciled with the most comparable GAAP number in the attached tables.)

Westwood will host a conference call to discuss 2011 results and other business updates at 4:30 p.m. Eastern time today. To join the conference call, dial 866-337-6663 (domestic) or 904-520-5771 (international). As supplemental information, we are providing non-GAAP performance measures that we refer to as Economic Earnings, Economic Earnings per share (or Economic EPS), and Economic Expenses. We provide these measures in addition to, not as a substitute for, net income, earnings per share and total expenses, which are reported on a GAAP basis. Management and our Board of Directors review Economic EPS and Economic Expenses to evaluate Westwood's ongoing performance, allocate resources and review dividend policy. We believe that these non-GAAP performance measures, while not substitutes for GAAP net income, earnings per share and total expenses, are useful for both management and investors when evaluating Westwood's underlying operating and financial performance and its available resources. We do not advocate that investors consider these non-GAAP measures without considering financial information prepared in accordance with GAAP.

We define Economic Earnings as net income plus non-cash equity-based compensation expense, amortization of intangible assets and deferred taxes related to goodwill. We define Economic Expenses as total expenses less non-cash equity-based compensation expense and amortization of intangible assets. Although depreciation on fixed assets is a non-cash expense, we do not add it back when calculating Economic Earnings or deduct it when calculating Economic Expenses because depreciation charges represent a decline in the value of the related assets that will ultimately require replacement. In addition, we do not adjust Economic Earnings for tax deductions related to restricted stock expense or amortization of intangible assets. Economic EPS represents Economic Earnings divided by diluted weighted average shares outstanding.
