1. DESCRIPTION OF THE BUSINESS

Westwood Holdings Group, Inc. ("Westwood", "the Company", "we", "us" or "our") was incorporated under the laws of the State of Delaware on December 12, 2001. Westwood manages investment assets and provides services for its clients through its wholly-owned subsidiaries, Westwood Management Corp., Westwood Advisors, L.L.C. Salient Advisors, LP ("Salient") and its majority-owned subsidiary Broadmark Asset Management LLC ("Broadmark"), (referred to hereinafter together as "Westwood Management"), and Westwood Trust.

Westwood Management provides investment advisory services to institutional clients, a family of mutual funds called the Westwood Funds®, other mutual funds, individual investors and clients of Westwood Trust. Westwood Trust provides trust and custodial services and participation in self-sponsored common trust funds ("CTFs") to institutions and high net worth individuals. Revenue is largely dependent on the total value and composition of assets under management ("AUM") and assets under advisement ("AUA"), and fluctuations in financial markets and in the composition of AUM and AUA impact our revenues and results of operations.

Westwood Management is registered with the Securities and Exchange Commission ("SEC") as an investment adviser ("RIA") under the Investment Advisers Act of 1940. Westwood Trust is chartered and regulated by the Texas Department of Banking.

Acquisition of Broadmark Asset Management LLC

In January 2023 we acquired an additional 32% interest in Broadmark for \$1.2 million (net of cash acquired), increasing our ownership of Broadmark to approximately 80%, which represents a controlling interest for financial statement consolidation purposes (the "Broadmark Acquisition"). Broadmark is a San Francisco-based RIA managing and/or sub-advising mutual funds, retail and institutional separately managed accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying Condensed Consolidated Financial Statements are unaudited and are presented in accordance with the requirements for quarterly reports on Form 10-Q and consequently do not include all of the information and footnote disclosures required by accounting principles generally accepted in the United States of America ("GAAP"). The Company's Condensed Consolidated Financial Statements reflect all adjustments (consisting only of normal recurring adjustments) necessary in the opinion of management to present fairly our interim financial position and results of operations and cash flows for the periods presented. The accompanying Condensed Consolidated Financial Statements are presented in accordance with GAAP and the rules and regulations of the SEC.

The accompanying unaudited Condensed Consolidated Financial Statements should be read in conjunction with our Consolidated Financial Statements, and notes thereto, included in our Annual Report on Form 10-K for the year ended December 31, 2022. Operating results for the periods in these Condensed Consolidated Financial Statements are not necessarily indicative of results for any future period. The accompanying Condensed Consolidated Financial Statements include the accounts of Westwood and its subsidiaries. All intercompany accounts and transactions have been eliminated upon consolidation.

3. BUSINESS COMBINATIONS

Broadmark

Westwood completed the Broadmark Acquisition in January 2023, giving Westwood a controlling interest and requiring an allocation of the Broadmark Acquisition purchase price. The total consideration recorded for accounting purposes consisted of \$1.2 million in cash (net of cash acquired).

Prior to the Broadmark Acquisition, Westwood had a \$2.4 million equity method investment in Broadmark, the fair value of which was estimated using recent market transactions. Westwood's equity method investment was derecognized without gain or loss following the Broadmark Acquisition, however there was a corresponding increase to goodwill.

The Broadmark Acquisition was accounted for using the acquisition method of accounting. Accordingly, the purchase price was allocated to tangible assets acquired and liabilities assumed based on their estimated fair values as of the

acquisition date. The total consideration of \$1.6 million has been allocated based on valuations of acquired assets and assumed liabilities in connection with the acquisition.

The allocation of the Broadmark Acquisition purchase price was as follows (in thousands):

	(in t	housands)
Cash consideration	\$	1,570
Cash acquired		(402)
Total consideration, net of cash acquired	\$	1,168
Fair value of Westwood's investment in Broadmark before the business combination		2,417
Fair value of noncontrolling interest in Broadmark		994
Assets		
Accounts receivable	\$	629
Other current assets		150
Property and equipment		11
Other long-term assets		511
Liabilities		
Accounts payable and accrued liabilities		919
Total Identifiable Net Assets	\$	382
Goodwill	\$	4,197

Westwood owns approximately 80% of Broadmark's equity and accordingly we recognized \$1.0 million of a noncontrolling interest in a consolidated subsidiary. Fair value of this interest was estimated using recent market transactions.

At the time of the Broadmark Acquisition, the Company believed that its expanded operational opportunities, enhanced range of investment strategies and expected realization of synergies were the primary factors that contributed to a total purchase price that resulted in the recognition of goodwill. Goodwill arising from the Broadmark acquisition is not expected to be deductible for tax purposes.

For the three months ended June 30, 2023, the Company has included \$1.1 million of revenue and \$0.1 million of net income related to Broadmark in its Condensed Consolidated Statements of Comprehensive Income (Loss). For the six months ended June 30, 2023, the Company has included \$2.3 million of revenue and \$0.1 million of net income related to Broadmark in its Condensed Consolidated Statements of Comprehensive Income (Loss).

Pro Forma Financial Information

The following unaudited pro forma results of operations for the three and six months ended June 30, 2023 and 2022 assume the Broadmark Acquisition had occurred as of January 1, 2022. This unaudited pro forma information should not be relied upon as being necessarily indicative of the historical results that would have been obtained if the Broadmark Acquisition had actually occurred on that date, nor of results that may be obtained in the future.

4. REVENUE

Revenue Recognition

Revenues are recognized when the performance obligation (the investment management and advisory or trust services provided to the client) defined by the investment advisory or sub-advisory agreement is satisfied. For each performance obligation, we determine at contract inception whether the revenue satisfies over time or at a point in time. We derive our revenues from investment advisory fees, trust fees and other sources of revenues such as gains and losses from our seed

money investments into new investment strategies. The "Other, net" revenues on our Condensed Consolidated Statements of Comprehensive Income (Loss) are the unrealized gains and losses on our seed money investments, and our seed money investments are included in "Investments, at fair value" on our Condensed Consolidated Balance Sheets. Advisory and trust fees are calculated based on a percentage of AUM or AUA, as applicable, and the performance obligation is realized over the current calendar quarter. Once clients receive our investment advisory services, we have an enforceable right to payment.

Advisory Fee Revenues

Our advisory fees are generated by Westwood Management which manages client accounts under investment advisory and sub-advisory agreements. Advisory fees are typically calculated based on a percentage of AUM and AUA and are paid in accordance with the terms of the agreements. Advisory fees are paid quarterly in advance based on AUM on the last day of the preceding quarter, quarterly in arrears based on AUM on the last day of the quarter just ended or are based on a daily or monthly analysis of AUM for the stated period. We recognize advisory fee revenues as services are rendered. Since our advance paying clients' billing periods coincide with the calendar quarter to which such payments relate, revenue is recognized within the quarter and our Condensed Consolidated Financial Statements contain no deferred advisory fee revenues. Advisory clients typically consist of institutional and mutual fund accounts.

Institutional investors include separate accounts of (i) corporate pension and profit sharing plans, public employee retirement funds, Taft-Hartley plans, endowments, foundations and individuals; (ii) sub-advisory relationships where Westwood provides investment management services for funds offered by other financial institutions; (iii) pooled investment vehicles, including collective investment trusts; and (iv) managed account relationships with brokerage firms and other RIAs that offer Westwood products to their customers.

Mutual funds include the Westwood Funds®, a family of mutual funds for which Westwood Management serves as advisor. These funds are available to individual investors, as well as offered as part of our suite of investment strategies for institutional investors and wealth management accounts.

Arrangements with Performance-Based Obligations

A limited number of our advisory clients have a contractual performance-based fee component in their contracts, which generates additional revenues if we outperform a specified index over a specific period of time, and a limited number of our mutual fund offerings have fees that generate additional revenues if we outperform specified indices over specific periods of time.

The revenue is based on future market performance and is subject to many factors outside our control. We cannot conclude that a significant reversal in the cumulative amount of revenue recognized will not occur during the measurement period, and therefore the revenue is recorded at the end of the measurement period when the performance obligation has been satisfied.

Trust Fee Revenues

Our trust fees are generated by Westwood Trust pursuant to trust or custodial agreements. Trust fees are separately negotiated with each client and are generally based on a percentage of AUM. Westwood Trust also provides trust services to a small number of clients on a fixed fee basis. The fees for most of our trust clients are calculated quarterly in arrears, based on a daily average of AUM for the quarter, or monthly, based on the month-end value of AUM. Since billing periods for most of Westwood Trust's clients coincide with the calendar quarter, revenue is fully recognized within the quarter and our Condensed Consolidated Financial Statements contain no deferred fee revenues.

5. SEGMENT REPORTING

We operate two segments: Advisory and Trust. These segments are managed separately based on the types of products and services offered and their related client bases. The Company's segment information is prepared on the same basis that management reviews the financial information for operational decision-making purposes.

The Company's chief operating decision maker, our Chief Executive Officer, evaluates the performance of our segments based primarily on fee revenues and Economic Earnings, a non-GAAP measurement. We define Economic Earnings as net income (loss) plus non-cash equity-based compensation expense, amortization of intangible assets and deferred taxes related to goodwill. Although depreciation on fixed assets is a non-cash expense, we do not add it back when calculating Economic Earnings because depreciation charges represent an allocation of the decline in the value of the related

assets that will ultimately require replacement. In addition, we do not adjust Economic Earnings for tax deductions related to restricted stock expense or amortization of intangible assets.

Westwood Holdings Group, Inc., the parent company of Advisory and Trust, does not have revenues and is the entity in which we record typical holding company expenses including employee compensation and benefits for holding company employees, directors' fees and investor relations costs. All segment accounting policies are the same as those described in the summary of significant accounting policies. Intersegment balances that eliminate in consolidation have been applied to the appropriate segment.

Advisory

Our Advisory segment provides investment advisory services to (i) corporate pension and profit sharing plans, public employee retirement funds, Taft-Hartley plans, endowments, foundations and individuals, (ii) sub-advisory relationships where Westwood provides investment management services to the Westwood Funds®, funds offered by other financial institutions and funds offered by our Trust segment and (iii) pooled investment vehicles, including collective investment trusts. Westwood Management, Salient and Broadmark provide investment advisory services to similar clients and are included in our Advisory segment.

Trust

Trust provides trust and custodial services and participation in common trust funds that it sponsors to institutions and high net worth individuals. Westwood Trust is included in our Trust segment.

6. INVESTMENTS

The Company has made strategic investments to enhance the services we provide to our customers. Each of these investments is discussed below.

<u>InvestCloud</u>. During 2018, we made a strategic investment in InvestCloud, which is included in "Investments" on our Condensed Consolidated Balance Sheets. This investment represents an equity interest in a private company without a readily determinable fair value. The Company has elected to apply the measurement alternative of cost minus impairment, if any, plus or minus changes resulting from observable price changes. Following InvestCloud's recapitalization in the first quarter of 2021, we re-invested \$4.4 million of our proceeds into newly-issued shares of InvestCloud.

<u>Charis</u>. Our investment in Charis was included in "Noncurrent investments at fair value" on our December 31, 2022 Condensed Consolidated Balance Sheets and was measured at fair value on a recurring basis. On April 3, 2023, Charis was acquired by Vista Bank ("Vista") in a transaction in which the Company traded its shares in Charis for shares in Vista.

<u>Vista</u>. Our investment in Vista is included in "Investments" on our Condensed Consolidated Balance Sheets. This investment represents an equity interest in a private company without a readily determinable fair value. The Company has elected to apply the measurement alternative of cost minus impairment, if any, plus or minus changes resulting from observable price changes.

<u>Private Equity Funding</u>. In 2019, we made a \$0.3 million investment in Westwood Hospitality. Our investment is included in "Noncurrent investments at fair value" on our Condensed Consolidated Balance Sheets, and it is measured at fair value on a recurring basis using net asset value ("NAV") as a practical expedient.

Zarvona Energy Fund GP, L.P. and Zarvona Energy Fund II-A, L.P. These investments represent ownership interests in non-controlled partnerships. These investments are included in "Equity method investments" on our Condensed Consolidated Balance Sheets and are measured based on our share of the net earnings or losses of the investees.

<u>Broadmark Asset Management LLC</u>. This investment represented a 47.5% ownership interest in a non-controlled corporation prior to the Broadmark Acquisition in 2023. This investment is included in "Equity method investments" on our Condensed Consolidated Balance Sheets at December 31, 2022. In January 2023, as a result of the Broadmark Acquisition, we acquired additional equity interests in Broadmark and accounted for that investment as a consolidated subsidiary.

All other investments are carried at fair value on a recurring basis and are accounted for as trading securities.

Investments carried at fair value are presented in the table below (in thousands):

7. FAIR VALUE MEASUREMENTS

ASC 820, Fair Value Measurements, defines fair value, establishes a framework for measuring fair value and requires disclosures regarding certain fair value measurements. ASC 820 establishes a three-tier hierarchy for measuring fair value, as follows:

- Level 1 quoted market prices in active markets for identical assets
- Level 2 inputs other than quoted prices that are directly or indirectly observable
- Level 3 significant unobservable inputs where there is little or no market activity

Our strategic investments in InvestCloud and Vista, discussed in Note 6 "Investments," are excluded from the recurring fair value table shown below because we have elected to apply the measurement alternative for those investments=.

The following table summarizes the values of our investments measured at fair value on a recurring basis within the fair value hierarchy as of the dates indicated (in thousands):

⁽¹⁾ Comprised of certain investments measured at fair value using NAV as a practical expedient. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on our Condensed Consolidated Balance Sheets.

Prior to our exchange of shares in Charis for shares in Vista, our investment in Charis was included within Level 3 of the fair value hierarchy as we valued it utilizing inputs not observable in the market. Historically, our investment was measured at fair value on a recurring basis using a market approach based on either a price to tangible book value multiple range determined to be reasonable in the current environment, or on market transactions. On April 3, 2023, Charis was acquired by Vista in a transaction in which the Company exchanged its shares in Charis for shares in Vista.

The following table summarizes the changes in Level 3 investments measured at fair value on a recurring basis for the periods presented (in thousands):

The June 30, 2023 contingent consideration fair value of \$7.8 million was valued based upon updated revenue growth projections following AUM outflows in 2023 and current volatility inputs. The fair value of contingent consideration related to both the revenue retention earn-out and the growth earn-out is measured using the Monte Carlo simulation model, which considered assumptions including revenue growth projections, revenue volatility, risk free rates and discount rates. The projected contingent payment is discounted back to the current period using a discounted cash flow model. Increases or decreases in projected revenues, probabilities of payment, discount rates, projected payment dates and other inputs may result in significantly higher or lower fair value measurements.

The following table represents the range of the unobservable inputs utilized in the fair value measurement of the contingent consideration classified as level 3:

		Ra	nge	
Earn-out	Unobservable Input	Low	High	Weighted Average Rate
Revenue Retention earn-out	Discount rate	13.0%	13.5%	13.25%
	Volatility	15.0%	25.0%	20.00%
Growth earn-out	Discount rate	13.0%	13.5%	13.25%
	Volatility	15.0%	25.0%	20.00%

8. INCOME TAXES

Our effective income tax rate differed from the 21% statutory rate for the three and six months ended 2023 and 2022 due to permanent differences between book and tax restricted stock expense based on a decrease in our stock price between the restricted stock grant and vesting dates.

9. EARNINGS (LOSS) PER SHARE

Basic earnings (loss) per common share is computed by dividing comprehensive income (loss) attributable to Westwood Holdings Group, Inc. by the weighted average number of shares outstanding for the applicable period. Diluted earnings (loss) per share is computed based on the weighted average number of shares outstanding plus the effect of any dilutive shares of restricted stock granted to employees and non-employee directors.

There were approximately 106,000 and 89,000 anti-dilutive restricted shares outstanding for the three months ended June 30, 2023 and June 30, 2022, respectively. There were approximately 108,000 and 87,000 anti-dilutive restricted shares outstanding for the six months ended June 30, 2023 and June 30, 2022, respectively.

The following table sets forth the computation of basic and diluted earnings (loss) per share (in thousands, except per share and share amounts):

10. GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill

Goodwill represents the excess of the cost of acquired assets over the fair value of the underlying identifiable assets at the date of acquisition. Goodwill is not amortized but is reviewed for impairment annually, or between annual assessments if a triggering event occurs or circumstances change that would more likely than not result in the fair value of a reporting unit below its carrying amount. We completed our most recent annual goodwill impairment assessment during the third quarter of 2022 and determined that no goodwill impairment related to the Trust segment was required. There was no goodwill impairment during the three and six months ended June 30, 2023 or June 30, 2022.

Changes in goodwill were as follows (in thousands):

	Three Months Ended	Six Months Ended
	June 3	30, 2023
Beginning balance	\$ 39,929	\$ 35,732
Broadmark Acquisition ¹		4,197
Salient Acquisition Adjustment ²	(428)	(428)
Ending balance	\$ 39,501	\$ 39,501

¹ The \$4.2 million of acquired goodwill is attributable to the Advisory segment.

Other Intangible Assets

Our intangible assets represent the acquisition date fair value of acquired client relationships, trade names, non-compete agreements and internally developed software and are reflected net of amortization. In valuing these assets, we made significant estimates regarding their useful lives, growth rates and potential attrition. We periodically review intangible assets for events or circumstances that would indicate impairment. No intangible asset impairments were recorded during the three and six months ended June 30, 2023 or June 30, 2022.

11. LEASES

As of June 30, 2023 there have been no material changes outside the ordinary course of business to our leases since December 31, 2022. For information regarding our leases, refer to Note 12 "Leases" in Part IV, Item 15. "Exhibits, Financial Statement Schedules" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2022.

12. STOCKHOLDERS' EQUITY

Share Repurchase Program

As of June 30, 2023, there are \$1.9 million of shares that may yet be repurchased under our plan.

During the three and six months ended June 30, 2023, the Company did not repurchase any shares of our common stock. During the three months ended June 30, 2022, the Company repurchased 57,984 shares of our common stock at an average price of \$14.29 per share, including commissions, for an aggregate purchase price of \$0.8 million under our share repurchase plan. During the six months ended June 30, 2022, the Company repurchased 70,186 shares of our common stock at an average price of \$14.65 per share, including commissions, for an aggregate purchase price of \$1.0 million under our share repurchase plan.

13. VARIABLE INTEREST ENTITIES

We evaluated (i) our relationship as sponsor of the Common Trust Funds ("CTFs") and managing member of the private equity funds Westwood Hospitality and Westwood Technology Opportunities Fund I, LP (collectively the "Private Funds"), (ii) our advisory relationships with the Westwood Funds® and (iii) our investments in InvestCloud, Vista, Zarvona Energy Fund GP and Zarvona Energy Fund II-A as discussed in Note 6 "Investments" ("Private Equity") to determine whether each of these entities is a variable interest entity ("VIE") or voting ownership entity ("VOE").

Based on our analyses, we determined that the CTFs, Private Funds and Zarvona Energy Fund II-A were VIEs, as the at-risk equity holders do not have the ability to direct the activities that most significantly impact the entities' economic

performance, and the Company and its representatives have a majority control of the entities' respective boards of directors and can influence the respective entities' management and affairs. As we do not qualify as primary beneficiaries for those entities, we have not consolidated our investments in those entities for the periods ending June 30, 2023 and December 31, 2022.

Based on our analyses, we determined the Westwood Funds®, InvestCloud, Vista and Zarvona Energy Fund GP (i) have sufficient equity at risk to finance the entities' activities independently, (ii) have the obligation to absorb losses, the right to receive residual returns and the right to direct the activities of the entities that most significantly impact the entities' economic performance and (iii) are not structured with disproportionate voting rights and are VOEs. As we do not own controlling financial interests in those entities, we have not consolidated our investments in those entities for the periods ending June 30, 2023 and December 31, 2022.

We recognized fee revenue from the Westwood VIEs and Westwood VOEs as follows (in millions):

	 Three Mo	nths	Ended	Six Months Ended						
	 June 30, 2023		June 30, 2022	June 30, 2023	June 30, 2022

14. RELATED PARTY TRANSACTIONS

The Company engages in transactions with its affiliates in the ordinary course of business. Westwood Management provides investment advisory services to the Westwood Funds®. Under the terms of the investment advisory agreements, the Company earns quarterly fees paid by clients of the fund or by the funds directly. The fees are based on negotiated fee schedules applied to AUM. For the three and six months ended June 30, 2023 and June 30, 2022, the Company earned immaterial fees from the affiliated funds.

One of our directors serves as a consultant to the Company under a consulting agreement. We recorded immaterial expenses related to this agreement for the three and six months ended June 30, 2023 and June 30, 2022.

15. SUBSEQUENT EVENTS

Dividend Declared

On August 2, 2023, the Board of Directors declared a quarterly cash dividend of \$0.15 per share of common stock payable on October 2, 2023 to stockholders of record on September 1, 2023.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward-Looking Statements

Statements in this report and the Annual Report to Stockholders that are not purely historical facts, including, without limitation, statements about our expected future financial position, results of operations or cash flows, as well as other statements including, without limitation, words such as "anticipate," "believe," "plan," "estimate," "expect," "intend," "should," "could," "goal," "potentially," "may," "designed" and other similar expressions, constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Actual results and the timing of some events could differ materially from those projected in or contemplated by the forward-looking statements due to a number of factors, including, without limitation, the risks described under "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2022 and those risks set forth below:

- the composition and market value of our AUM and AUA;
- our ability to maintain our fee structure in light of competitive fee pressures;
- risks associated with actions of activist stockholders;
- · distributions to our common stockholders have included and may in the future include a return of capital;
- inclusion of foreign company investments in our AUM;
- regulations adversely affecting the financial services industry;
- our ability to maintain effective cyber security;
- · litigation risks;
- our ability to develop and market new investment strategies successfully;
- our reputation and our relationships with current and potential customers;
- our ability to attract and retain qualified personnel;
- · our ability to perform operational tasks;
- our ability to select and oversee third-party vendors;
- our dependence on the operations and funds of our subsidiaries;
- · our ability to maintain effective information systems;
- our ability to prevent misuse of assets and information in the possession of our employees and third-party vendors, which could damage our reputation and result in costly litigation and liability for our clients and us;
- our stock is thinly traded and may be subject to volatility;
- · competition in the investment management industry;
- · our ability to avoid termination of client agreements and the related investment redemptions;
- the significant concentration of our revenues in a small number of customers;
- we have made and may continue to make business combinations as a part of our business strategy, which may present certain risks and uncertainties;
- our relationships with investment consulting firms;
- · our ability to identify and execute on our strategic initiatives;
- · our ability to declare and pay dividends;
- our ability to fund future capital requirements on favorable terms;
- our ability to properly address conflicts of interest;
- our ability to maintain adequate insurance coverage; and
- our ability to maintain an effective system of internal controls.

You should not unduly rely on these forward-looking statements, which speak only as of the date of this report. We are not obligated and do not undertake an obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances occurring after the date of this report or to reflect the occurrence of unanticipated events or otherwise.

Overview

We manage investment assets and provide services for our clients through our subsidiaries, Westwood Management Corp., Westwood Advisors, L.L.C., Salient Advisors, LP and Broadmark Asset Management LLC (each of which is an SEC-registered investment advisor ("RIA") and referred to hereinafter together as "Westwood Management") and Westwood Trust.

Westwood Management provides investment advisory services to institutional investors, a family of mutual funds called the Westwood Funds®, other mutual funds, individuals and clients of Westwood Trust. Westwood Trust provides trust and custodial services and participation in common trust funds to institutions and high net worth individuals.

In January 2023 we acquired an additional 32% interest in Broadmark for \$1.6 million, increasing our ownership of Broadmark to approximately 80%. Broadmark's tactical absolute return strategies offer us an established client base and provide future growth potential. Prior to the Broadmark acquisition, we had a \$2.4 million equity method investment in Broadmark, which we derecognized upon acquiring a controlling interest in January 2023.

Our revenues are generally derived from fees based on a percentage of AUM and AUA, and Westwood Management and Westwood Trust collectively had AUM of approximately \$15.0 billion and AUA of approximately \$1.2 billion at June 30, 2023. We have established a track record of delivering competitive, risk-adjusted returns for our clients.

With respect to most of our client AUM, we utilize a "value" investment style focused on achieving superior long-term, risk-adjusted returns by investing in companies with high levels of free cash flow, improving returns on equity and strengthening balance sheets that are well positioned for growth but whose value is not fully recognized in the marketplace. This investment approach is designed to limit downside during unfavorable periods and provide superior real returns over the long term. Our investment teams have significant industry experience, with an average of over twenty years of investment experience among members.

We have built a foundation in terms of personnel and infrastructure to support a much larger business and we have developed investment strategies that we believe will be sought after within our target institutional, wealth management and intermediary markets. Developing new products and growing the organization has resulted in our incurring expenses that, in some cases, have not yet generated significant offsetting revenues. We believe that investors will recognize the potential for new revenue streams inherent in these products and services; however, there is no guarantee that they will occur.

Revenues

We derive our revenues from investment advisory fees, trust fees and other revenues. Our advisory fees are generated by Westwood Management, which manages client accounts under investment advisory and sub-advisory agreements. Advisory fees are typically calculated based on a percentage of AUM and AUA and are paid in accordance with the terms of the agreements. Advisory fees are paid quarterly in advance based on AUM on the last day of the preceding quarter, quarterly in arrears based on AUM on the last day of the quarter just ended or are based on a daily or monthly analysis of AUM for the stated period. We recognize advisory fee revenues as services are rendered. Certain of our clients have a contractual performance-based fee component in their contracts, which generates additional revenues if we outperform a specified index over a specific period of time. We record revenue for performance-based fees at the end of the measurement period. Since our advance paying clients' billing periods coincide with the calendar quarter to which such payments relate, revenue is recognized within the quarter, and our Condensed Consolidated Financial Statements contain no deferred advisory fee revenues.

Our trust fees are generated by Westwood Trust pursuant to trust or custodial agreements. Trust fees are separately negotiated with each client and are generally based on a percentage of AUM. Westwood Trust also provides trust services to a small number of clients on a fixed fee basis. Trust fees are primarily calculated quarterly in arrears based on a daily average of AUM for the quarter. Since billing periods for most of Westwood Trust's clients coincide with the calendar quarter, revenue is fully recognized within the quarter, and our Condensed Consolidated Financial Statements contain no deferred advisory fee revenues.

Our other revenues primarily consist of investment income from seed money investments into new investment strategies.

Employee Compensation and Benefits

Employee compensation and benefits costs generally consist of salaries, sales commissions, incentive compensation, stock-based compensation expense and benefits.

Sales and Marketing

Sales and marketing costs relate to our marketing efforts, including travel and entertainment, direct marketing and advertising costs.

Westwood Mutual Funds

Expenses for Westwood mutual funds relate to our marketing, distribution and administration of the Westwood Funds®.

Information Technology

Information technology expenses include costs associated with proprietary investment research tools, maintenance and support, computing hardware, software licenses, telecommunications and other related costs.

Professional Services

Professional services expenses generally consist of costs associated with sub-advisory fees, audit, legal and other professional services.

General and Administrative

General and administrative expenses generally consist of costs associated with the lease of office space, amortization, depreciation, insurance, custody expense, Directors' fees, investor relations, licenses and fees, office supplies and other miscellaneous expenses.

(Gain) loss from change in fair value of contingent consideration

(Gain) loss from change in fair value of contingent consideration consists of fair value adjustments related to contingent consideration from our 2022 acquisition of Salient.

Acquisition Expense

Acquisition expense consists of costs related to our 2022 acquisition of Salient.

Net change in unrealized appreciation (depreciation) on Private Investments

Net change in unrealized appreciation (depreciation) on private investments includes changes in the value of our private equity investments.

Investment Income

Investment income primarily includes interest and dividend income on fixed income securities and money market funds.

Other Income

Other income primarily consists of income from the sublease of a portion of our corporate offices.

Firm-wide Assets Under Management

Firm-wide assets under management of \$16.2 billion at June 30, 2023 consisted of \$15.0 billion of AUM and \$1.2 billion of AUA.

AUM increased \$2.9 billion to \$15.0 billion at June 30, 2023 compared with \$12.1 billion at June 30, 2022. The average of beginning and ending AUM for the second quarter of 2023 was \$15.0 billion compared to \$13.0 billion for the second quarter of 2022.

The following table displays AUM as of June 30, 2023 and 2022 (in millions):

	As of	As of June 30,					
	2023	2022	Change				
Institutional ⁽¹⁾	\$ 6,969	\$ 5,889	18 %

Mutual Funds ⁽³⁾	4,169	2,570	62				
Total AUM ⁽⁴⁾	\$ 14,989	\$ 12,135	24 %				

- (1) Institutional includes (i) separate accounts of corporate pension and profit sharing plans, public employee retirement funds, Taft-Hartley plans, endowments, foundations and individuals; (ii) sub-advisory relationships where Westwood provides investment management services for funds offered by other financial institutions; (iii) pooled investment vehicles, including collective investment trusts; and (iv) managed account relationships with brokerage firms and other RIAs that offer Westwood products to their customers.
- (2) Wealth Management includes assets for which Westwood Trust provides trust and custodial services and participation in common trust funds that it sponsors to institutions and high net worth individuals pursuant to trust or agency agreements and assets for which Westwood Advisors, L.L.C. provides advisory services to high net worth individuals. Investment sub-advisory services are provided for the common trust funds by Westwood Management and unaffiliated sub-advisors. For certain assets in this category Westwood Trust provides limited custodial services for a minimal or no fee, viewing these assets as potentially converting to fee-generating managed assets in the future.
- (3) Mutual Funds include the Westwood Funds®, a family of mutual funds for which Westwood Management serves as advisor. These funds are available to individual investors, institutional investors and wealth management accounts.
- (4) AUM excludes \$1.2 billion and \$246 million of AUA as of June 30, 2023 and 2022, respectively, related to our model portfolios for which we provide investment advice on a fee basis without having investment management authority.

^{*} Certain assets under management acquired from Salient were reclassified from Mutual Funds to Institutional as of December 31, 2022 to be consistent with the classification of existing assets.

Three months ended June 30, 2023 compared to the three months ended June 30, 2022

The change in AUM for the three months ended June 30, 2023 was due to market appreciation of \$0.5 billion and net outflows of \$0.5 billion. Net outflows were primarily related to our Income Opportunity strategy.

The \$1.7 billion decrease in AUM for the three months ended June 30, 2022 was due to market depreciation of \$1.5 billion and net outflows of \$0.2 billion. Net outflows were primarily related to our SmallCap strategy.

Six months ended June 30, 2023 compared to the six months ended June 30, 2022

The \$0.2 billion increase in AUM for the six months ended June 30, 2023 was due to market appreciation of \$0.8 billion and net outflows of \$0.6 billion. Net outflows were primarily related to our Income Opportunity and Quality AllCap strategies.

The \$2.4 billion decrease in AUM for the six months ended June 30, 2022 was due to market depreciation of \$2.1 billion and net outflows of \$0.2 billion. Net outflows were primarily related to our SmallCap and Enhanced Balance strategies.

Roll-Forward of Assets Under Advisement

AUA has historically been disclosed in totality due to its relative insignificance to our business. However, following our 2022 acquisition of Salient's asset management business, AUA is now a more meaningful component of our business. Accordingly, we will present further AUA details going forward:

NM Not meaningful

Three months ended June 30, 2023 compared to three months ended June 30, 2022

Total revenues. Total revenues increased \$6.3 million, or 41%, to \$21.9 million for the three months ended June 30, 2023 compared with \$15.6 million for the three months ended June 30, 2022. Asset-based advisory fees increased \$5.8 million, or 53%, reflecting higher average AUM following our 2022 acquisition of Salient.

Employee compensation and benefits. Employee compensation and benefits increased \$4.6 million to \$13.7 million compared with \$9.1 million for 2022 due to additional headcount resulting from the Salient acquisition.

Information Technology. Information technology expenses increased \$0.8 million, or 39%, to \$2.6 million compared with \$1.8 million for 2022 primarily due to additional software licenses and investment research expenses.

Professional services. Professional services increased \$0.6 million, or 63%, to \$1.4 million compared with \$0.8 million for 2022 primarily due to an increase in legal and advisory costs.

General and Administrative. General and administrative expenses increased \$0.9 million, or 38%, to \$3.2 million compared with \$2.3 million for 2022 primarily due to increased intangible asset amortization following the Salient acquisition.

(*Gain*) loss from change in fair value of contingent consideration. We recorded a gain of approximately \$4.1 million upon the remeasurement of contingent consideration of the 2022 Salient acquisition.

Income tax provision. Our effective tax rate differed from the 21% statutory rate for the second quarter of 2023 primarily due to permanent differences between book and tax restricted stock expense based on a decrease in our stock price between the restricted stock grant and vesting dates.

Six months ended June 30, 2023 compared to six months ended June 30, 2022

Total revenues. Total revenues increased \$11.9 million, or 36%, to \$44.7 million for the six months ended June 30, 2023 compared with \$32.8 million for the six months ended June 30, 2022. Asset-based advisory fees increased \$11.0 million, or 49%, reflecting higher average AUM following our 2022 acquisition of Salient. Trust fees decreased \$1.0 million, or 9%, primarily related to lower average AUM.

Employee compensation and benefits. Employee compensation and benefits increased \$8.4 million to \$27.9 million compared with \$19.5 million for 2022 due to additional headcount resulting from the Salient acquisition.

Sales and marketing. Sales and marketing expenses increased \$0.5 million, or 52%, to \$1.5 million compared with \$1.0 million for 2022 due to higher product placement fees.

Information Technology. Information technology expenses increased \$1.2 million, or 35%, to \$4.9 million compared with \$3.7 million for 2022 primarily due to additional software licenses and investment research expenses.

General and Administrative. General and administrative expenses increased \$1.9 million, or 43%, to \$6.3 million compared with \$4.4 million for 2022 primarily due to increased intangible asset amortization following the Salient acquisition.

(*Gain*) loss from change in fair value of contingent consideration. We recorded a gain of approximately \$5.2 million upon the remeasurement of contingent consideration of the 2022 Salient acquisition.

Income tax provision. The effective tax rate for the six months ended June 30, 2023 differed from the 21% statutory rate for 2023 primarily due to permanent differences between book and tax restricted stock expense based on a decrease in our stock price between the restricted stock grant and vesting dates.

Supplemental Financial Information

As supplemental information, we are providing non-GAAP performance measures that we refer to as Economic Earnings and Economic EPS. We provide these measures in addition to, not as a substitute for, comprehensive income (loss) attributable to Westwood Holdings Group, Inc. and earnings (loss) per share, which are reported on a GAAP basis. Our management and Board of Directors review Economic Earnings and Economic EPS to evaluate our ongoing performance, allocate resources, and review our dividend policy. We believe that these non-GAAP performance measures, while not substitutes for GAAP comprehensive income (loss) attributable to Westwood Holdings Group, Inc. or earnings (loss) per share, are useful for management and investors when evaluating our underlying operating and financial performance and our available resources. We do not advocate that investors consider these non-GAAP measures without also considering financial information prepared in accordance with GAAP.

We define Economic Earnings as comprehensive income (loss) attributable to Westwood Holdings Group, Inc. plus non-cash equity-based compensation expense, amortization of intangible assets and deferred taxes related to goodwill. Although depreciation on fixed assets is a non-cash expense, we do not add it back when calculating Economic Earnings because depreciation charges represent an allocation of the decline in the value of the related assets that will ultimately require replacement. Although gains and losses from changes in the fair value of contingent consideration are non-cash, we do not add or subtract those back when calculating Economic Earnings because gains and losses on changes in the fair value of contingent consideration are considered regular following an acquisition. In addition, we do not adjust Economic Earnings for tax deductions related to restricted stock expense or amortization of intangible assets. Economic EPS represents Economic Earnings divided by diluted weighted average shares outstanding.

The following tables provide a reconciliation of net income to Economic Earnings and Economic Earnings by segment (in thousands, except share and per share amounts):

Liquidity and Capital Resources

We fund our operations and cash requirements with cash generated from operating activities. We may also use cash from operations to pay dividends to our stockholders. We had no debt as of June 30, 2023 and December 31, 2022. The changes in net cash provided by operating activities generally reflect changes in earnings plus the effects of non-cash items and changes in working capital, including liquidation of investments used to cover current liabilities. Changes in working capital, especially accounts receivable and accounts payable, are generally the result of timing differences between collection of fees billed and payment of operating expenses.

We had cash and short-term investments of \$38.1 million and \$39.2 million as of June 30, 2023 and December 31, 2022, respectively. At June 30, 2023 and December 31, 2022, working capital aggregated \$41.0 million and \$40.6 million, respectively.

During the six months ended June 30, 2023, cash flow used in operating activities was \$3.9 million, which included net sales of current investments of \$7.1 million and a reduction in compensation and benefits payable of \$3.3 million. During the six months ended June 30, 2022, cash flow provided by operating activities was \$12.1 million, which included net sales of \$12.4 million of current investments and a \$1.9 million change in accounts receivable, partially offset by a reduction in compensation and benefits payable of \$5.6 million.

Cash flow used in investing activities during the six months ended June 30, 2023 was primarily for the Broadmark Acquisition. Cash flow used in investing activities during the six months ended June 30, 2022 was related to purchases of property and equipment.

Cash flows used in financing activities of \$3.9 million for the six months ended June 30, 2023 reflected the payment of dividends and restricted stock returned for the payment of taxes. Cash flows used in financing activities of \$5.3 million for the six months ended June 30, 2022 reflected the payment of dividends, treasury stock repurchases and restricted stock returned for the payment of taxes.

Westwood Trust is required to maintain cash and investments in an amount equal to the minimum restricted capital of \$4.0 million, as required by the Texas Finance Code. Restricted capital is included in Investments in the accompanying Condensed Consolidated Balance Sheets. At June 30, 2023, Westwood Trust had approximately \$7.9 million in excess of its minimum capital requirement.

Our future liquidity and capital requirements will depend upon numerous factors, including our results of operations, the timing and magnitude of capital expenditures or strategic initiatives, our dividend policy and other business and risk factors described under "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2022. We believe that current cash and short-term investment balances plus cash generated from operations will be sufficient to meet both the operating and capital requirements of our ordinary business operations through at least the next twelve months, however there can be no assurance that we will not require additional financing within this time frame. Failure to raise needed capital on attractive terms, if at all, could have a material adverse effect on our business, financial condition and results of operations.

Contractual Obligations

As of June 30, 2023, there have been no material changes outside of the ordinary course of business to our contractual obligations since December 31, 2022. For information regarding our contractual obligations, refer to "Contractual Obligations" in Part II, Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2022.

Critical and Significant Accounting Policies and Estimates

There have been no significant changes in our critical or significant accounting policies and estimates since December 31, 2022. Information with respect to our critical accounting policies and estimates that we believe could have the most significant effect on our reported consolidated results and require difficult, subjective or complex judgment by management is described under "Critical Accounting Policies and Estimates" in Part II, Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2022.

Accounting Developments

Refer to Note 2 "Summary of Significant Accounting Policies" in our Condensed Consolidated Financial Statements included in Part I, Item 1. "Financial Statements" of this Quarterly Report on Form 10-Q for a description of recently issued accounting guidance.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There have been no significant changes in our Quantitative and Qualitative Disclosures about Market Risk from those previously reported in our Annual Report on Form 10-K for the year ended December 31, 2022.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Our disclosure controls and procedures are designed to ensure that information required to be disclosed in the reports we file or submit under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), (1) is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and (2) is accumulated and communicated to our management, including our Chief Executive Officer and our Chief Financial Officer, to allow timely decisions regarding required disclosure. An evaluation was performed under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) as of the end of the period covered by this report. Based on this evaluation, our management, including our Chief Executive Officer and our Chief Financial Officer, concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective to ensure that information required to be disclosed in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and is accumulated and communicated to management, including our Chief Executive Officer and our Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Controls over Financial Reporting

During the quarter ended June 30, 2023, there were no changes in our internal controls over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) that materially affected, or are reasonably likely to materially affect, our

internal control over financial reporting. Due to our significant investments in cloud-based systems, the impact of our employees working remotely did not hinder the execution of our internal control processes and procedures.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

None.

ITEM 1A. RISK FACTORS

Our business and future results may be affected by a number of risks and uncertainties that should be considered carefully. In addition, this report also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in such forward-looking statements as a result of certain factors, including the risks described in Part I, Item 1A of the Company's Annual Report on Form 10-K for the year ended December 31, 2022 and the risks set forth below.

There have been no material changes to the risk factors previously disclosed in the Form 10-K. You should carefully consider the following risks and the risks included in the Company's Annual Report on Form 10-K, together with all of the other information in this Quarterly Report on Form 10-Q, including our unaudited condensed consolidated financial statements and the related notes included elsewhere in this Quarterly Report on Form 10-Q. The occurrence of any single risk or any combination of risks could materially and adversely affect our business, financial condition, results of operations, cash flows and the trading price of our common stock.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Our share repurchase program has no expiration date and may be discontinued at any time by the Board of Directors. During the three months ended June 30, 2023, the Company did not repurchase any shares of our common stock.
